Oldtime Garb Featured At Champion Centennial Ball

(By Champion Correspondent)
The Champion school auditorium was the scene of many lovely old-time dresses and dances during the evening of March 31st when a Centennial ball was held sponsored by the local Home and School Association.

Many invitations had been sent to former residents of the Champion district and to people who had either taught or received their education at the school. Quite a number took the opportunity to return and renew acquaintances.

The auditorium was gaily decorated with Canadian and centennial flags, symbols and provincial coats of arms. Music was supplied by the Golden Nuggets and among the dances enjoyed were the Butterfly, Heel and Toe Polka and some vigorous square dancing.

M.C. Martin Matlock introduced the out-of-town visitors following which, Lily Larder led the crowd in singing "It's Just a Little Street where Old Friends Meet."

A grand parade of the people wearing old-time dress was held after which the following dresses were awarded prizes: the most elaborate worn by Lorraine Hagg; most elegant worn by Nan Johnson; most novel worn by Mickey Middleton who was dressed in the gay nineties period; and the oldest, which dated back to the early 1900's worn by Peggy Selland. The prizes were centennial spoons.

Many of the dresses worn to the ball were sewn especially for the occasion and looked very beautiful. One lady was strikingly dressed as an Indian.

A special mention was given to

the family heirloom shawl worn by Mrs. Ted Carlson. It was hand made by a greataunt and is over 100 years old.

Among the men who wore appropriate dress for the occasion, the following won prizes, Bob Long who, together with his wife Evelyn, were judged the best dressed couple; Wilfred Warren and his wife Edna for wearing suits from the 1940's and Cameron Middleton, who dressed as an Indian brave won for having the most novel outfit.

Marjorie Culler won a prize for her high-laced shoes which dated back to before 1925. Her husband Carl won a prize for the best and only mustache.

In the juvenile section, Annalee and Dick Middleton were judged the best dressed couple and Betty Lynn Warren and Dianne Stephenson won for their home made dresses.

Following lunch, the crowd enjoyed the lovely voice of Ann Marie Swanson, daughter of the former Helen Farmer, who sang "Climb Every Mountain" and "Edelweiss" from "The Sound of Music."

Former residents of Champion who attended the ball were Mr. and Mrs. Irl Ditto and their daughters Marjorie and Maxine, Mr. and Mrs. Oscar Castator, Mr. and Mrs. Elmo Swanson, Miss Ethel and Paul Diemert, Mrs. Hugh and Alex Frame, Mr. and Mrs. Bud Siler, Mrs. Dewilla Anderson, Dr. Geraldine Farmer, Mr. and Mrs. Glen Racher, Mrs. Gladys Munro, Mr. and Mrs. Skip Jones, Miss Carol Yackulic, Mr. and Mrs. L. Warren, the Kramer family, and Mr. and Mrs. Harold Bach.

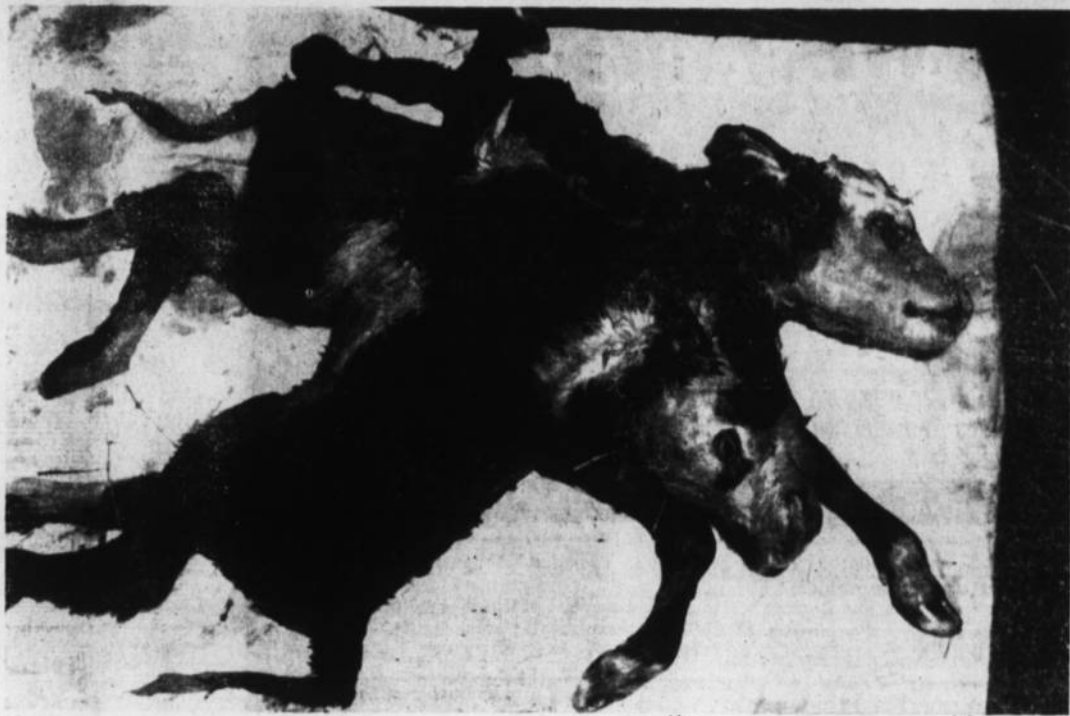

Male Voices Wanted For Centennial Choir

If you love to sing and you're not attending the practice sessions held every Sunday evening in the Vulcan Armouries, you're missing a lot of fun and a sense of pride in achievement. The County Centennial Choir which will be entertaining the people of the county on Caravan Day, is making wonderful progress and enjoying the fellowship of singing together some of the songs that Canadians have enjoyed for the past hundred years.

Many parts of the county are represented in the Centennial Choir and the choristers' hard work will result in a choir that is singing from their hearts and will be a delight to the listener. Four-part harmony is evident in many of the selections. Solos, duets and group numbers will also be featured. The choir goes back 100 years to remember, "When You and I Were Young Maggie," and takes you on a musical journey up through the years with such memorable selections as, "After The Ball," "Doodle De Doo," "The One Rose," "Happy Wanderer" and many of your favorites of the "Centennial Sixties."

There is still a need for more male voices. Come out and join the fun!

Practice sessions are held every Sunday evening from 7:45 to 9:30 p.m. in the Vulcan Armouries. The choir is under the direction of Mrs. Barbara Hwozdecki and Mrs. Lenora Baldwin is accompanist.

FIRST AT VULCAN. Veterinary medical history for the Vulcan Animal Clinic was made Monday, March 27 when Drs. Everett Hill and Ken Orchard delivered Siamese calves, above from a Hereford cow.

Sam Stange, a rancher of the Staveland district, realized this was

to be an unnatural birth during the cow's early labor and promptly shipped it to the local clinic. Examination indicated a Caesarean operation was needed and this was done though delivery was still difficult. The twin calves, joined from the neck to the umbilical cord, lived for about 10 minutes.

The cow apparently suffered no ill effects from her shattering experience. It was a four-year-old and had twin calves as a two-year-old and a single calf last year. In their years of practice and at medical school the two local veterinarians recalled the rare case of twin-head calves being born

but neither had ever seen this type of birth. The freak of nature will be on display in the future as the calves are now being stuffed and mounted.

CCHS Drama Club To Present Three-act Play

Bow City Mine By Flash Flood

A flash flood the weekend of March 24-25 has forced the strip coal mine at Bow City to close down for the summer as far as coal sales are concerned, although the sale of various types of gravel will continue as usual. Bow City Mine had stockpiled lots of slack but has no regular coal on hand.

A night man was on duty operating two pumps when the water washed in from the grasslands above the open pit and flooded it to a depth of 40 feet. The pit is 1,500 feet long, 60 feet across and 50 feet deep. A truck with a mounted rock drill and a pump and engine were covered by the flood waters but a second pump was retrieved safely.

J. G. Westgate, managing director of the mine, told the Advocate that the loss cannot be estimated at this time, but the water covers the supply of coal that would normally be mined this summer.

A three-act play, "The Stuckpot," will be the 1967 presentation of the CCHS Drama Club. Eighty students are taking part in the play's production, directed by D. Beggs, CCHS Guidance Counsellor. For the first time at CCHS new lighting effects and new techniques in staging will be used, with production costs of almost \$500 coming from students' funds. The play will be seen April 27 and 28.

The CCHS Drama Club is unusual in that membership is not limited to students at CCHS. Anyone in the province is eligible to join the club in any capacity from the technical crew to the leading role and anyone wishing to help the students in any way can contact Mr. Beggs at the school.

"The Stuckpot" is a hilarious comedy, full of action. The play opens when the girls of a snobbish Eastern-academy invite the boys of a counterpart boys' school to their annual dance. During the process of preparing for the evening the girls discover that each boy has put "two-bits" into a pot and that the total will be awarded to the boy who gets stuck the longest with the worst girl. Consequently, the girls decide to make themselves as undesirable as possible. You can imagine the screamingly funny results, especially when unexpected high society guests drop in on the scene.

IT'S OFFICIAL

It must be spring! Not only have the song birds and gophers made their appearance but another winter sleeper, the golfer, is back. One such creature was sighted Monday afternoon, without his parka, swinging along the fairways, keeping as far from view as possible so his identity wasn't known except that, parked at the clubhouse was a late model green Ford car.

School Committee Meets

More Space Needed At County Central High

SCHOOL COMMITTEE MEETING

The regular meeting of the School Committee of the County of Vulcan No. 2 was held on Monday, March 13, 1967. Chairman of the committee, F. N. Thurber presided. Committee members Ray Wellman, E. W. Prater, D. A. McNiven, E. E. Burriss, E. Erickson, George Moses and A. McAllister were present. Also present at the meeting were E. F. Bardock, superintendent and D. D. McQueen, secretary-treasurer.

The first order of business was the discussion of the matter of integration of Indian students at the Arrowwood School and mention was made of the discussion held at the annual meeting of County Ratepayers on March 14, in respect to the number of Indian students being contemplated for inclusion in the Arrowwood School. The principal reason for increasing the numbers was that the larger enrolment would permit engaging additional teachers so that each grade would have a teacher. This meant the addition of two teachers in the Arrowwood School. Some of the ratepayers strongly favored the idea that the number of Indian students should be one to two non-Indian students in the school. Others favored the idea of one teacher per grade, feeling that it would provide much improved instruction for the students. Letters were read to the committee. The letters questioned very strongly the advisability of accepting more students than the one to two ratio. This matter was considered for some time by the members of the committee and it was finally decided on a motion by

Mr. McNiven that the committee authorize an additional 15 students.

It was moved and carried that the superintendent be authorized to engage two extra teachers for the Arrowwood School for the school term commencing Sept. 1. The members of the committee held a lengthy discussion over the matter of an addition to the County Central High School to enlarge the shop, classroom and auditorium facilities. It was pointed out that the school buildings regulations would permit an additional 3,000 square feet of shop space which was badly needed to implement the new vocational subjects which would be offered in the fall and in 1968. It was moved and carried that the school committee recommend to the county

council that steps be taken to approach the school-buildings board to build a shop addition, four classrooms and an auxiliary auditorium to the County Central High School and that architects be engaged to prepare sketch plans for presentation to the department along with a statement of need for such accommodation, including the necessary administration areas.

Members of the committee discussed at length the matter of the shop and home economic facilities at Milo and it was suggested that the Milo students could be bused to Vulcan to take shop and home economics rather than spending the money to equip the shop at Milo. There was also the matter of shop and home economic teachers involved. The matter was taken under advisement and left until the April meeting for a final decision.

A letter from the Lomond Home and School Association in respect to the fence on the east side of the school grounds at Lomond was read. The letter also mentioned the matter of a chain fence to form a barrier to the new trees which are being planted as a centennial project. This matter was left to Mr. McAllister for investigation and report at the next meeting.

The members of the committee authorized the loaning of a 16 mm. movie projector to the Vulcan Municipal Hospital on occasion.

The secretary-treasurer presented the budget for the year 1967 and explained in detail the amount of revenue and expenditures which

Nursing Home Could Make Use Of Piano

Entertainers who visit Blunt's Nursing Home are finding their talents limited by the lack of a piano at the Nursing Home.

Without a piano, singers and musical groups entertaining the residents of the home find it difficult to put on a proper program.

If any individual or organization has a piano that is not being used, it is suggested that the instrument could serve a good purpose if it could be donated to the home or even stored there on a temporary basis.

To Jason Construction

Contract Let For New Treasury Branch Building

A contract for the construction of a Treasury Branch building at Vulcan has been awarded to Jason Construction Co. of Lethbridge, according to word received by Wally Taylor, manager of the Vulcan Treasury Branch. Amount of the contract and other details are not yet available, but the building is to be of one-storey construction with a 50-ft. frontage.

Construction will be on the site presently occupied by the Treasury Branch and the adjoining Carson Block which at one time housed the medical clinic. A sub-

contract for demolition of these two buildings has been awarded to Simmons & Walker of Vulcan and the work of tearing down the Carson Block commenced this week.

The Treasury Branch will move this weekend to the "Toyland" building next to Wolfe's Hardware. This building was originally constructed many years ago to house the Bank of Montreal and will serve as temporary premises for the Treasury Branch until their new building is completed this fall.

CENTENNIAL ROAD RUNNERS FROM PICTURE BUTTE

Picture Butte Runners Stop At Highway Points

On March 29 members of the Apollo Track and Field Club of Picture Butte visited Carmangay. They were on their way to Calgary, running in relays all the way. This was a Centennial project and the young runners were met with enthusiasm by Carmangay citizens. Several car-loads of Carmangay people met them at the highway and escorted the visitors to the village office.

The members of the Apollo Club presented a scroll to Mrs. Anna Brown who accepted it on behalf of Mayor Ben Brown. This scroll

extended best wishes to the mayor and people of Carmangay from the mayor and people of Picture Butte. Mrs. Barbara Hwozdecki, local Centennial Committee chairman, presented an engraved tray to coach Tony Blake and expressed appreciation to the club for their visit and good luck for the rest of their journey on to Calgary. Lunch was served to the club and their entourage.

Mayor Harry Watson of Picture Butte was present for the occasion as were several parents of the runners. Certainly a real spark of

Centennial spirit was carried into every town that these young people visited.

When the group reached Vulcan late in the afternoon they were greeted by Mayor Gary Ness and other town officials and another scroll was left as a greeting to this district. Gym suits and shorts were worn by the runners and in the photo above, considering the raw type of day, the only one dressed properly would be Mayor Ness standing behind track coach Tony Blake in topcoat and mat.

Junior Citizen Nominations Invited

Albertans are reminded to send in their nominations now for Calgary Power's Junior Citizen of the Year Awards. The Junior Citizen of the Year Program was inaugurated in 1962 as a public service by Alberta's independent electrical utility companies. It's aim is to make sure that deserving young Albertans get recognition.

Our readers may ask — What makes a Junior Citizen? Some have performed acts of heroism, frequently at the risk of their own lives. Others have excelled in acts of quiet courage such as overcoming physical handicaps or assuming responsibility far beyond their years. Any act qualifies that makes

a young person stand out in the eyes of his or her fellow citizens. The winners receive framed certificates and Government Savings Bonds at the annual Alberta Weekly Newspaper Association Convention, held in the fall.

Four of the Junior Citizens of the Year from Calgary Power's service area have won added acclaim because of their heroic actions.

A 1962 winner, Judith Walters of the Felger colony of Hutterite Brethren of Lethbridge was cited in an article by W. O. Mitchell in a national Canadian magazine for her endeavors towards integration of the Hutterite children in our

public school system.

Lynda Dann of Vulcan, a 1964 winner, won her award for rescuing a ten-year-old friend from drowning. Lynda was presented with the Mountbatten Medal by Admiral of the Fleet, the Earl of Mountbatten of Burma, when he visited Canada recently. Lynda's citation calls it "the most meritorious rescue of the year".

Two 1965 winners have also received accolades for their contributions to their communities and families. Theresa Becher of Bashaw won her citizenship award for the unselfish giving of her vocal talents to her community. In 1966 she won two firsts and a second at the

Edmonton Music Festival. She also won a \$50 scholarship to the Banff School of Fine Arts.

Doris Pollard of Chip Lake won a Calgary Power Special Award when she rescued her brothers and sisters from their burning home. She was presented with the award by Lt. Gov. Grant MacEwan on behalf of the Royal Humane Society. Doris performed this heroic act when she was just four years old.

Nominations are now being accepted for this year's Alberta Junior Citizen of the Year Awards. Readers who know of deserving young Albertans from 6 to 16 years of age are invited to contact the editor of this newspaper.

CHAMPION

CHAMPION C.W.L. MEETING

The March meeting of the Champion C.W.L. was held following Mass in the church basement with Father MacCallum, 11 members and one visitor present.

The minutes, treasurer's report and other regular monthly reports were given. Mrs. Keenan reported the completion of the sale of vanilla and Mrs. Ellis reported on the sale of Centennial spoons.

Mrs. Hummel gave an account of the recent deanery meeting attended by Mrs. Keenan and herself. Correspondence was read and dealt with and discussion took place on the annual Mass and breakfast April 25 for "Our Lady of Good Counsel." Father MacCallum of-

ferred to make arrangements.

The May 6th tea and bake sale were discussed. It was decided to send our annual donation to the Creeche. Mrs. Hunzinger offered to be nominating chairman for the coming elections.

Lunch was served by Mrs. Hummel and Mrs. M. Fath.

HOME AND SCHOOL ASSOCIATION

The Home and School Association held its regular meeting on March 20 with the president, Mrs. D. Pitcher in the chair.

Mrs. G. Ellis reported on the progress of plans for the Centennial Ball to be held at the Champion school March 31 from 9 p.m. to 2 a.m. Many invitations have been sent out to past residents and old-timers of Champion and district and to residents who do not have children attending Champion school. Notices have been sent home to parents with children in the school. Tickets will be 75c for one person and \$1.50 for a couple.

Prizes will be awarded for old-time suits and dresses in different categories. Lunch will be served with coffee and punch from 11:30 p.m. until 1 a.m. Ladies are requested to bring either sandwiches, cake or squares please.

It is hoped many oldtimers will take this opportunity to visit their Champion friends.

Mrs. H. Hagg reported on the convention held in Lethbridge which she attended with Mrs. D. Pitcher. The main topics were the "Discovery Method of Teaching" and kindergartens. Apparently, Alberta is the only province that does not have government sponsored kindergartens. The majority of delegates voted in favour of having them.

Mrs. G. Ellis introduced the Home Economist, Miss Frances Cullen as guest speaker. Her topic was School lunches which was very informative and full of useful hints and ideas on what to give a school child to eat.

Lunch was served to conclude the meeting. The \$5 prize was won by Grade three.

CONTINUING PROJECT. Ladies associated with the Vulcan and District Recreation Centre committee have taken on a business project known as the Next To New Shop. Located in the old Lundy Findlay Real Estate office next to Mitchell's Pharmacy, a variety of stock including adults and children's clothing, shoes, skates, books and other items is displayed. This inventory has been provided by donations of goods from merchants in town and from

generous residents. Some stock is new and some is slightly used and is priced accordingly and all money made, beyond the cost of operation goes to the Recreation fund. At the counters afterwards from Tuesday through Saturday is a rotating list of ladies on a committee headed by Bea Richardson, Eileen Galloway and Vicki McNeven.

During the winter months after Christmas business was slow but the ladies hope that with the com-

ing of spring more shoppers will take time to drop in and browse around. In charge the day this photo was taken was Margaret Shaw, above.

The ladies emphasize that the shelves of the Next To New Shop are stocked by means of donations only and anyone having items of almost any nature which are in good repair and which may be usable to others is asked to keep them in mind. For inquiries phone 485-2525.

YOUTH SPEAKS OUT

(In conjunction with Education Week, recently passed, students at Hazel Cameron Elementary School wrote essays expressing their views on education, past, present and future. Another in a series of these essays appears below.)

EDUCATION IN THE FUTURE

Essay by Peggy Lebsack, grade Six - Room 62

The future holds many changes in the method of teaching all ready for us to discover. Already, at the rate that science is progressing now, machines could very well be taking over the jobs of our teachers. This may be very advantageous to us poor, seat-sore students. Lucky for us machines can't use yardsticks!

Scientists have already taught computers to use two million sounds out of the English language which we are still being taught as if our own language isn't good enough. These machines can even sing "A Bicycle Built For Two." I have high hopes that perhaps these machines will be able to take my place in music class.

The business companies of this ever growing world are planning to remove the letters that the wife asked that dear husband to mail yesterday and replace them with TV screens, a light pencil, a computer memory file for business notes. Take the left over sandwich from lunch out and squeeze in a television screen, a typewriter keyboard and a telephone all into one little ol', battered briefcase. Surely with all this we should be able to get a sufficient education.

Students are already being taught by a computer and I think they picked a very fitting name for it. I.D.I.O.T. !!!

Even now advances are being made in the World of Education. Near our home town kindergartens are beginning to enroll children four and five years old. People who are good with children are being especially trained to teach children in these schools. The activities of the pre-elementary education might include such things as special attention to storybooks and storytellers and also to arts and crafts. Activities prepared in the form of pictures and picture cycles are often provided in reading, writing and arithmetic to help children for more formal learning in the elementary school grades. In this way and in tests teachers will be able to determine how ready the children are to pass into elementary grades.

Non-graded and semester systems are worked out to be put into effect in the very near future. At the present system a student must take a full year of one certain grade while in the future system, he may be able to concentrate on a subject that he finds difficult if he is especially good at another.

In the course of a semester system a student may study three or four different subjects during his enrollment in Sept. to Dec. and from Jan. to April he may study three or four other subjects.

TV is also becoming an important factor in the field of education. For pre-schoolers the programs on TV such as "Over the Rainbow" and "Rocket Four Club", are a great help in a pre-school education. We are often surprised by the information that four or five year olds have acquired from watching these programs.

Great advancements have also been made in teaching handicapped children, which they in turn, may be able to donate something of value to the education of other handicapped children in the future.

These are only a few of the unfolded facts of the many changes that may take place in the world of education in the future.

FROM OUR CORRESPONDENTS

ARROWWOOD

HOCKEY CLUB MEETING

The Arrowwood Hockey Club held their final meeting of the season on Monday, March 20.

Routine business was dealt with and suggestions were made as to what repairs should be made to the skating rink. A report was given on the amount collected through donations which was \$308.45 and the amount spent was \$379.37. The following is what has been purchased coming to the latter figure: 48 hockey sweaters, 60 pairs of hockey stockings, 1 pair of goalie gloves, 2 pair of goalie knee pads, 1 set of goalie shoulder pads, 2 goal sticks, 1 set of new goal nets and new goal frames have been made.

The second Monday in October was set as the tentative date for the first meeting in the fall. Members of the board are Hank Walsh, Doug Phillips, Deanna Nelson, Chris Nelson, Ed Arnold, Melvin Beagle, Bill Campbell and Pete Sherstrabetoff.

ENSIGN

Correction from last week's column should read: Mr. and Mrs. Michael Davis, (not Mr. and Mrs. Marshall Davis) newlyweds from Calgary, were Saturday dinner guests at the Henry Hansen home.

Monday overnight guest at the Henry Hansen home was Lorna Jones, of the Kirkcaldy district and on the following day helped Jean celebrate her fourteenth birthday.

There are an estimated 1.5 million migrant farm laborers in the United States.

EASTER AND AFTER

Easter, yes, it is past and gone for another year, but what has it meant to you? To the student, it means a holiday from school. To the businessman or woman, a long weekend. It may also be a time of visiting or a family reunion, and so we could mention various walks of life. Is this all that Easter represents to you? I trust not.

Parent, do your children know and understand the meaning of Easter, and why we observe this special time of year? Do they know that Easter is "an annual church celebration commemorating Christ's resurrection" (Webster)? Or do they only associate Easter with eggs and bunnies?

The Christian faith does not rest on lofty sentiment, nor wishful thinking, but on attested facts.

The death of Christ upon the cross and His physical resurrection are twin truths. They are the most evidentially established facts of history.

The resurrection was planned, prophesied, and provided for by God through His Word and through His Son. The historical facts of the resurrection are recorded in the Gospels. The fact is declared in the Acts and the doctrine is expounded in the Epistles. The truth is made real to the believing heart.

W. B. Hinson, when told he had less than one year to live, preached from his pulpit these words: "From my home I looked across at the nearby mountains and the river. I looked at the stately trees. Then when night came, I looked into the sky where God was lighting His lamps. I said, I may not see you many more times, but mountain, I shall be alive when you are gone. River, I shall be alive when you cease running toward the sea. Stars, I shall be alive when you have fallen from your sockets in the great downward pull of the material universe."

Thank God, both life and immortality of life are brought to light through the good news in Christ. Thus we can have a living hope, if we will.

The United States is the world's largest exporter of agricultural products.

FROM THE LEGISLATURE

(Ray Speaker, M.L.A.)

WHITE PAPER

A most exciting, progressive and important document was presented to the House on Friday. This White Paper is the first ever to be given in Alberta. It consists of Part 1 and Part 11 with the following purposes:

1. To provide an initial synthesis of government thinking and pertinent research findings, in the form of new concepts and policies for the future.

2. To outline certain principles and values which, when correlated with research data and administrative experience, provide the best possible foundation for an enlightened approach to public problems and the formulation of public policies for the months and years ahead.

3. In particular, to outline a new orientation and emphasis relative to—human resources development—physical resources development—the interrelatedness of human and physical resources development, which the Government wishes to commend to the people of Alberta for their consideration.

4. To outline a system of governmental policies and programs designed to facilitate the fullest and most integrated development possible of the human and physical resources of the province of Alberta.

Part 1 outlines foundations for policy such as values, principles and a new approach. The principles are:

1. All governmental policies and administrative action should be based on certain fundamental principles and values pertaining to the proper governing of men and nations.

2. The policies, programs, and institutions in which such values and principles are embodied must change with the times to meet new circumstances, but fundamental principles and values themselves can and should be conserved.

3. The individual human being is of supreme value and importance and ought to be regarded by governments and by society as intrinsically more important than non-human things.

4. No two individual human beings are exactly alike, and so long as the distinctions between people are neither immoral nor unjust, variety in human life, association, and culture should be recognized, appreciated, and encouraged.

5. Society exists to enhance the development of free and creative human beings and should aspire toward the provision of full opportunity for every individual in every area of human endeavor.

6. The supreme objective in developing the physical resources of a nation should be to make possible the full and free development of the human resources of the nation.

7. The institution of government is both a product and an instrument of human development, and good government is responsible to the people whom it serves.

8. The primary rights and responsibilities for the development of the human resources of the nation should reside with individual citizens, and associations of citizens, with responsible government performing a supporting function.

9. The primary rights and responsibilities for the development of the physical resources of a

nation should reside with private citizens and associations of citizens, with responsible government performing a supporting function.

10. In preparing for the future, there is great merit in recognizing the wisdom and experience of the past.

Next week I would like to discuss the new approach to human and physical resource development. Copies of the White Paper will be available for interested persons.

4-H Club Notes

4-H Berrywater Beef Club—

The fifth meeting of the Berrywater 4-H Beef club was held on March 23, at the Berrywater community centre with only three members absent.

Following the pancake supper the meeting was opened with Kay Giles in the chair and Rhonda Sinclair acting as secretary in absence of Jim Oldfield. Maureen Sinclair was asked to lead the pledge.

Roll call was answered with the heart girth of your calf. We agreed upon the date to practice for a skit for the rally. We had nominations for barn decorating committee. Elected were as follows: Mrs. Marjorie Love, Neil Giles, Peter Silbernagel, June Sinclair and Clinton Armstrong. The question section on marketing was led by Allan Sinclair. The meeting was adjourned and Mr. and Mrs. Frank Wyatt showed interesting slides on their recent trip south. A film from the Hereford Association on raising a show calf was also shown.

We were pleased that a large number of people supported our pancake supper and were guests at our meeting. Many of our members participated in judging at Jack Wards on Saturday, April 1st.

Lomond Buttons and Bows—

A meeting of the Lomond Buttons and Bows was held on March 20th at Miss Linda Malers home. The chairman was Miss Dorothy Lucas and the roll call was tips on dating.

After the business meeting in which it was decided to have a tour in Calgary of the Calgary Herald on March 31. The special guest Mrs. Diane Howg, hair dresser, demonstrated on set, curl, and comb out hair. After her demonstration there was a practice period in which different hairdos were fashioned on each other.

The evening was concluded with a delicious lunch of cake, cookies and juice. The cake was made by Mrs. Allan Lindsay and was designed to look like an Easter Bunny. Pictures were taken of each club member with all the new hairstyles. Next meeting will be at Miss Mary Elliotts home on April 3.

Members were pleased to hear that Miss Linda Malers received honorable mention at the Public Speaking held in Lethbridge on March 17.

More Space Needed At County Central High School

(Continued From Front Page)

were expected for the year and noted that one of the major items was expenditure for capital accounts at \$100,000. The amount of approximately \$55,000 had already been spent in the purchase of new houses and provision was being made to provide approximately \$45,000 for housing at Vulcan if occasion arose. The secretary-treasurer also drew attention to the fact that the school accounts of the county had been overspent during the past years, up to the present time of approximately \$145,000, and it was necessary to make some provision to curb this over-expenditure and possibly recover an amount each year without increasing the taxes too much. The proposed budget for 1967 provided for special requisition of \$195,000. This would be an increase of approximately 50% in special requisition over the 1966 amount.

A letter from Dr. Ellis of the Foothills Health Unit in respect to T.B. testing of school personnel was read. It was moved and carried that the county's handbook and regulations be amended to require all school staff including teachers, janitors, bus drivers and other personnel to have the T.B. and X-ray tests.

Members of the committee discussed the introduction of the semester system into the County Central High School commencing Sept. 1, 1967. Mr. Bardock, superintendent, pointed out the advantages of the semester system and advised that the principal and staff at the County Central High School very much favored the system and recommended it to the committee for adoption. It was moved and carried that the semester system be instituted in the County Central High School for Grades 10, 11 and 12 commencing Sept. 1, 1967.

SPECIAL SCHOOL COMMITTEE MEETING

A special meeting of the School Committee of the County of Vulcan No. 2 was held Monday, March 20. Those present were E. Burris, D. A. McNiven, E. Prater, George Moses, Frank Thurber, Ray Wellman, Earl Erickson and A. McAllister. Also present at the meeting were J. J. O'Reilly, maintenance foreman; E. F. Bardock, superintendent and K. H. Gatenby, assistant secretary-treasurer.

It was moved and carried that the Easter holiday commence on March 23 at 3:30 p.m. to April 3. It was moved and carried that Don Jantzie be appointed assistant principal of the County Central High School, effective Sept. 1, 1967.

It was moved and carried that Gary Jopling be appointed vice-principal of the County Central High School effective Sept. 1, 1967. It was moved and carried that Keith Wagner be appointed vice-principal of the Arrowwood School effective Sept. 1, 1967.

It was moved and carried that Mrs. Frances Anderson be granted one year's leave of absence from the teaching staff of the Champion School.

It was moved and carried that

the County of Vulcan sponsor one candidate to attend the Girls' Leadership Workshop from May 4-7 with registration and transportation supplied by the county. It was moved and carried that applications will be accepted to attend the Principals' Leadership Course from July 10-21, cost being \$220, borne by the county. Those eligible are principals and vice-principals or assistant principals.

It was moved and carried that all Grade one and two teachers remaining on staff be permitted to attend the Arithmetic Institute at Lethbridge on May 19, 1967. Those interested in going are to pool their transportation and mileage will be paid by the county.

It was moved and carried that the school committee recommend the appointment of a youth representative to the County of Vulcan No. 2. Letters to this effect to be sent to Mr. Clarke, Minister of Youth, Mr. Speaker, Local M.L.A. and the 4-H Council.

MUNICIPAL COMMITTEE MEETING

The regular meeting of the Municipal Committee of the County of Vulcan No. 2 was held on March 5, 1967. Committee Chairman Ivan Haga presided and Committee Members M. Willard, F. E. Hubka, A. W. Ulrich and D. A. McNiven were present. Also present at the meeting were J. J. O'Reilly, maintenance foreman and Martin Dersch, construction foreman; Robert Brown, shop foreman and D. D. McQueen, secretary-treasurer.

It was moved and carried that the agricultural committee be permitted to try sterilants on shoulders of one mile of road to determine the efficiency and the cost.

The secretary-treasurer read tenders for asphalt from the B.A. Oil Company and the Imperial Oil Company Ltd. Tenders were B.A. Oil Company 13c per gal. F.O.B. Calgary and the Imperial Oil Company 13.4c per gal F.O.B. Calgary. It was moved and carried that the B.A. Oil Company tender of 13c per gal. be accepted.

It was moved and carried that the County apply for a contingency grant to extend the Lomond road paving five miles east.

It was moved and carried that the county complete one lift from the Corner Store to Milo as per contract with the provincial government.

It was moved that the construction of five miles of Saskatchewan type pavement be undertaken on the road to Carmangay.

It was moved and carried that application be made to the Department of Highways for an ordinary grant on the five miles of Saskatchewan pavement.

The committee interviewed engineers Doug Horn and Peter B. Makowichuk from Underwood McLellan & Associates Ltd. in respect to engineering services on the paving program for the year 1967. The engineering company's policy was outlined to the committee and information was given as to the nature of the work done, the supervision of it and other matters requiring the services of qualified engineers. The company

would undertake the work on a piece basis and for the amount of work done. The committee decided to engage Underwood McLellan & Associates Ltd., provisionally and that they would forward a schedule of fees for the consideration and acceptance by the county.

FROM THE LEGISLATURE

(By Raymond A. Speaker, M.L.A.)
Thirty-two Bills were given Royal Assent from the Lieutenant-Governor this week. The top curlers and golfers of the Province were given recognition, along with further consideration of the White Paper. I would like to give a final report on that White Paper.

The White Paper On Human Resources Is Human Oriented.

The paper calls for a realignment with emphasis on social, rather than physical aspects.

"Repeatedly the point has been made that it is human beings of Alberta, as individuals, who command, and who will continue to command, first place in the Government's thinking and policies. The Government of Alberta is resolved to destroy, once and for all, the fallacious notion that those who believe in freedom of economic activity, private ownership of property, and individual enterprise and responsibility, are incapable of 'social concern' and devoid of humanitarian sentiments."

The White Paper Contains Both The New And The Old.

The concepts and new policies based on them are the result of the analysis of knowledge and experience gained in the past.

In Alberta, at the moment, there are over five hundred separate services and programs, either federal, provincial, municipal and private which facilitate the development of the human and physical resources of the province. Adding more services and programs will not meet the more complex problems and challenges of the future. Rather "a far more fundamental requirement, both in Alberta and in Canada as a whole, is the rationalization and reorientation of existing policies and programs to meet the new demands of this twentieth century. It is toward the fulfillment of this requirement that this White Paper primarily is directed."

The Paper Is Rather Comprehensive.

Many years of experience and months of background thinking have gone into the development of

the concepts and policies embodied in this White Paper.

The White Paper defines positions as well as a comprehensive program of action. In earlier days it would have been ample merely for the leaders to tell "what they would do" without providing a policy foundation. Today, in twentieth century Alberta, this is not adequate. In this complex and scientific age, any individual or group who makes proposals relative to the management of public affairs, but fails to demonstrate that such proposals are based on sound principles, backed by adequate research, and a clear understanding or related factors, is grossly underestimating both the requirements for responsible government and the expectation of an enlightened public.

This Paper Is Positive.

It appears that the present trend in many places is to be critical of everything and to express convictions in negative, rather than positive, terms. It looks forward to the future with optimism, and presents the Government's convictions and conclusions without berating or belittling the points of others.

The Paper Is Non-partisan.

"The Paper is a non-partisan document for all citizens, irrespective of party affiliations who desire a cessation of political hostilities among those who hold in common the ideals and aspirations underlying the policies and programs."

"The time has come for governments, political parties, and all citizens who genuinely believe in individual and economic freedom, to take positive steps to end the fragmentation of the influence and political strength of those who share the mutual conviction that these freedoms must be preserved."

"There is developing a great weariness on the part of the Canadian people relative to the continual wrangling, pettiness, and selfishness of party politics. This is regarded by many as a national tragedy."

This White Paper Marks A Significant Step Forward.

"Alberta has a rich and colorful

FARM PRICES

Just a few short comments on the expected prices of beef, pork and dairy products. The beef prices are expected to be steady for the next few weeks. After that, prices will likely go lower until the late spring and early summer demand begins to be felt. For pork, the prices have declined and there is probably no reason why they will go up in the near future. The marketings will continue at a fairly heavy volume which accounts for any slowness of prices to rise. Dairy production is approaching the peak production period, the new federal dairy support program will certainly help dairy producers. There should be a more than average increase in dairy products, however, this likely won't affect farmers in this area very much.

PRUNING COURSE

Last year we held a pruning course. It was well attended, especially for such a cold day. This year, we can have another pruning course some afternoon in April. Probably about the 17th of April. To get some kind of an idea if a pruning course would be worthwhile, please get in touch with this office soon. In fact, if you're not too busy pick the phone up now and give us a call. (485-2117).

GETTING RID OF OLD TREE STUMPS AND SUCKERS

Every spring when the snow melts, a number of objects we wish weren't there seem to sprout up through the snow. Tree stumps are one of these objects. Chemical treatment will aid the decay of tree stumps and prevent regrowth. The ester form of 2,4-D or 2,4-D plus 2,4,5-T, used in an oil carrier, is recommended for helping the decaying process in the stumps as well as for preventing regrowth. The suggested rate is 1½-lbs. total acid in 10 gallons of light oil or kerosene.

Although the best time to treat regrowth is just after full-leaf in the spring or early summer, the stump can be treated any time during the growing season. If the tree was cut some time ago and there is already a certain amount of regrowth or if the stump is more than six inches in diameter, it is a good idea to slash or frill the wood to enable the chemical to come into direct contact with the live wood. The recommended way is to put a liberal amount of the solution on the stump and allow the excess to run into the ground. Any protruding roots should also be covered to the point where the solution runs off.

Stump regrowth should be treated when the shoots are still reasonably small. Regrowth that is over eight feet tall should be cut down and the chemical applied when new shoots appear. Also, treatment in the early spring reduces the hazards due to susceptible plants which might be near by.

LOUISE GOOCH SHOWER
On Saturday evening, March 25 a shower was held in the Lutheran Church basement in honor of Louise Gooch whose marriage takes place on April 22nd.

The bride elect was seated at the head table under a pink umbrella, the centre piece on the table was a pink heart with a book and two gold rings placed in it.

Seated at the head table with Louise were her mother Mrs. Wm. Gooch, the groom's mother Mrs. Staba, his sister Ina, Lynn Godkin, the bride's two sisters Mrs. Gordon Howg and Debra. Mrs. Betty Papp then introduced the head table. Brenda Heather played several accordion selections and Judy Willard sang two solos, which were very much enjoyed. Two little girls Rita Monner and Laurie Deitz dressed as Easter bunnies carried in a basket of lovely and

useful gifts and recited a little verse to present Louise with the gifts on behalf of everyone.

After the gifts had been opened and passed around Louise in a few well chosen words thanked everyone.

A delicious lunch was then served to bring the evening to a close.

CARMANGAY

Congratulations this week are extended to two old-timers of the district, Mrs. Maud Borchert who will be 84 years young on April 7, and to Ivor Renning who was 83 on March 31.

Mr. and Mrs. Dale Clark arrived home recently after spending a holiday in the States.

Seven Carmangay Rangers spent a day in Lethbridge on an expedition through the St. Michael's Hospital which the girls very much enjoyed. After the tour they did some shopping in Lethbridge.

Those motoring to Didsbury to help Mr. and Mrs. Melville McLeod celebrate their silver wedding anniversary were Mr. and Mrs. Keith Clark, Mr. and Mrs. Wes Knight, Mr. and Mrs. Bob Hubka, Mr. and Mrs. G. McGinnis, Mr. and Mrs. D. Clark and Mr. and Mrs. Rudy Hubka. Also present were Mr. and Mrs. Bruce Palk of Wetaskiwin and Mrs. Peggy McDonald of Red Deer. Many hours of reminiscing were enjoyed. A presentation from the Carmangay community was given by Rudy Hubka. The couples spent the night at the McLeod and Loren Roemmele homes.

When you travel deep into the bush, carry on your person a police whistle. If you lose your way, this sound will prove more penetrating than even your calls. Don't panic and run if you have lost your path. Sit down and try to remember from which direction you came. If the ground is damp, you may be able to trace your footprints. Carry some hard candy—it will help to sustain you if you get hungry.

PROVINCIAL WINNERS. The curling season is now behind them but members of the Dan Watson rink, above, will carry pleasant memories of their winter recreation with them into the summer. They won the FUA Provincial Bouspiel

at Edmonton Thursday, March 16. The rink earlier won over the Roger Jensen rink of Champion in local playoffs and went on to defeat the Gordon Jones rink to give them the chance at the Provincial finals. The photo here taken

following their win at High River and presenting a trophy to skip Dan Watson is Carl Christofferson. At the left is Bill Patton, second. Next is Gale Atkinson, third and at the right is Dave Patton, lead. Gil Garon Photo

ALSTON

Several Alston residents attended the Centennial Ball in costume last Friday. Those of the district who received recognition for their costumes were Mr. and Mrs. Cameron Middleton as the Novelty Couple, Peggy Selland for the oldest dress, and Richard and Annalee Middleton took the prize for the best dressed in the juvenile section.

Mr. and Mrs. Bill Wylie Jr. and family of Brant were Sunday dinner guests at the home of J. G. Middleton.

The Gary Scheider rink consisting of Gordon and Pat Rhodes and Rita Anderson placed second in the first event at the Round Robin Bouspiel in Calgary this weekend. During this time Mr. and Mrs. Gordon Rhodes and son stayed with Pat Rhodes' brother-in-law and sister Mr. and Mrs. K. E. Kirkpatrick.

Cameron Middleton was admitted to St. Michael's Hospital in Lethbridge on Sunday. We hope he has a speedy recovery.

The Ivar Ivarson family returned from Minnesota on Sunday. While there, they visited with the Isadore Hells' son-in-law and daughter Mr. and Mrs. Stan Slama (nee Chelda Hell).

Inez Middleton returned home Saturday from a week at the home of her grandparents in Nanton. Mr. and Mrs. John Carlson and family were Sunday supper guests

at the Jim Carlson home.

The Ernest Kranzler family were supper guests this week at the Barney Mueller home.

Mr. and Mrs. Glen Williams and Debbie, Mr. and Mrs. Cameron Middleton and family, Mr. and Mrs. George Mueller and boys, Mr. and Mrs. Claude Mueller and Mr. and Mrs. John Drexler attended a surprise anniversary party for Mr. and Mrs. Artie Saunders on Thursday.

Captain Margaret Modin and a group of Rangers who will be attending the Centennial Heritage Camp spent Thursday night at the home of Capt. Modin's brother-in-law and sister Mr. and Mrs. Hartley MacDonald.

Mr. and Mrs. John Drexler of Drumheller spent Friday night at the home of Claude Mueller and Thursday and Saturday night at the home of Barney Mueller.

Calgary visitors on Saturday were the C. R. Middleton family who accompanied Doug Waddell home.

Jim and Ed Carlson motored to Edmonton this weekend to attend a volleyball tournament in which Ed took part. The Champion LDS boy's team placed second to the Edmonton team in the tournament.

Karen Carlson is to have her tonsils out this Wednesday. We hope that she has a speedy recovery.

CHAMPION

Mr. and Mrs. Reg Mollard were recent visitors at the home of Mr. and Mrs. Bill Deimert.

Weekend visitors at the home of Mr. and Mrs. Bill Deimert were Mrs. H. Frame and Alex, and Paul Deimert of Devon and Miss Ethel Deimert of Black Diamond.

Mr. and Mrs. F. Bassett of Claresholm and Mr. and Mrs. Eli Hopkins visited on Sunday at the home of Mr. and Mrs. Bill Sharpe of Milo.

Mr. and Mrs. Dave Hegland and Jack Howerton spent Sunday at the home of Mr. and Mrs. Bob Hill at Vulcan.

Mr. and Mrs. Eli Hopkins spent the Easter weekend visiting with Mr. and Mrs. M. A. (Nick) Hopkins at Wainwright.

Mr. and Mrs. Bud Roberts and George returned home last week after spending the past winter in

Arizona

Mr. and Mrs. Bill Deimert spent the Easter weekend at the home of Mr. and Mrs. Clark Deimert of Lethbridge, Montana, they also visited with Mrs. Lawrence Shierka of Cutbank, Montana.

Mrs. Jim Hopkins, Mrs. F. Olson and Sharon, Noreen and Doreen Ohlheimer were Lethbridge visitors on Thursday.

Mr. and Mrs. A. Rupp, Dale and Gordon and Mr. and Mrs. Cliff Miller were weekend visitors to Edmonton and Red Deer.

Mrs. E. Sisson spent last week visiting in Lethbridge at the homes of Mr. and Mrs. Brian Blackford and Mrs. C. McLean.

Diane Kurtz of New Dayton spent the Easter holidays at the home of her aunt, Mrs. F. Olson.

Allie Howerton visited for several days at the home of his brother and sister-in-law, Mr. and Mrs. Mann Howerton in Edmonton.

Mrs. M. (Skip) Jones spent the week visiting at the homes of her parents, Mr. and Mrs. D. W. Causey.

Peter Carlson son of Mr. and Mrs. John Carlson was recently confined to the Vulcan Hospital.

Mrs. John Carlson returned home last week after spending the past three weeks visiting with her parents in North Wales.

Mr. and Mrs. Bud Siler of Wetaskiwin spent the weekend visiting with relatives in the district. While here they attended the centennial ball.

Mr. and Mrs. Herb Kramer and son attended the centennial ball held in the school auditorium on Friday evening.

Mr. and Mrs. H. L. Warren and boys spent a few days in Spokane recently.

I think it appropriate to welcome three new families to our district, Mr. and Mrs. Earl Miller, who have taken up residence on the former Rozander farm. Mr. and Mrs. Howard Row, who are living in the home formerly occupied by Mr. and Mrs. A. (Pete) Versluys, Mr. Row is the U.G.G. buyer. And to Mr. and Mrs. Don McLaren formerly of Ponoka who are living on the Sanderson farm, Mrs. McLaren is Jack's niece.

U.C.W. MEETING
The general meeting of the Champion United Church Women was held in the church parlors on Wednesday afternoon. There were 17 members present. Jean Jordan was in charge of the devotional and spoke on, On the Tip Of Our Tongues.

Correspondence was dealt with, the main item being a convention to be held in Banff in October. It is hoped that a delegate from Champion will be able to attend. Various reports were heard, and it seems that there has not been much idle time since the first of the year. The U.C.W. will cater to the Hartung sale to be held on April 12. All members are asked to donate sandwiches for the sale. The U.C.W. will be catering to two weddings that are forthcoming.

The U.C.W. menus were discussed and there will be no change until at least the beginning of 1968. Everyone is asked to attend the next general meeting so that the feeling of all the members on this matter can be heard.

Following the adjournment of the meeting, unit three served a lovely lunch.

Mr. and Mrs. F. E. Griffin and family motored to Calgary Friday, March 31. They met the plane on which Mr. and Mrs. E. H. Griffin returned from a three-week tour of countries abroad.

Mr. and Mrs. J. V. Fraser of Calgary, Mr. and Mrs. E. H. Griffin and Eitel and M. and Mrs. F. Griffin and family were dinner guests at the home of Mr. and Mrs. W. Griffin and family April 2nd welcoming the Ed Griffins' home.

Marlo Griffin returned March 30 to his home to help his dad with farming.

LeDell and Darrel Smith, Bill and Bob Ellis, Eddie Carlson, Gary Seebach, Marlo and Gary Griffin have been participating in Volley Ball L.D.S. Stake Tournaments the past month. They were top winners over 12 wards in the Lethbridge event. Friday, March 29 they were accompanied by their bishop and sports directors Jim Ellis, Bob Williams and George Schultz to Edmonton to participate in Northern Alberta tournament April 1st. They were good winners until the last game and lost by 5 points to an Edmonton ward.

The L.D.S. Relief Society celebrated its 125th birthday Wednesday, March 22 at the cultural hall. The tables were beautifully decorated in the Relief Society colors of yellow and blue which were yellow daffodils and blue centennial flags, remembering Canada's birthday also. A delicious buffet supper was very much enjoyed. A play was dramatized by the ladies with old time favorite relief society songs sung by a chorus to add to a great memorable occasion.

Sheryle Mainland of Calgary and Norma Rushfeldt spent the Easter holidays with their grandmother, Mrs. Hazel Mainland.

Friends of the Kyle family, formerly of Vulcan, will regret to learn of the death last week of Mrs. Kyle of Vancouver, B.C.

Mr. and Mrs. George Heather had as their guests for the Easter holiday week, their four grandchildren, children of Mr. and Mrs. Don Gordon of Calgary.

Members of the Ladies Auxiliary to the Canadian Legion are asked to note that the April meeting will be held Thursday, April 20th, rather than on the scheduled date.

Mr. and Mrs. Gus Johnk of Milo were Sunday guests of Mr. and Mrs. Lorne Healy, Sr.

Mrs. Mae Spaeth accompanied friends from Calgary on a holiday to Hawaii, leaving on Saturday.

Mr. and Mrs. Bill Brown of Red Deer, formerly Vulcan residents, renewed acquaintances here on Wednesday enroute home from a holiday spent in Mexico.

Mr. and Mrs. V. McNeil of Coaldale and Bill Crabb of Lethbridge were weekend guests at the home of Mr. and Mrs. D. Crabb and while here also visited with their father Dave Crabb, Sr., who is in hospital.

Jim Jensen of Edmonton was a business visitor to Vulcan the first of the week.

Friends of Dr. A. D. Tompkins were sorry to learn last week that he had had the misfortune to fall and break his right wrist.

Mr. and Mrs. A. Michaelchuk spent the Easter holiday week in Manitoba, where they visited with relatives.

Mr. and Mrs. J. Goodwin of the teaching staff spent the holidays at the west coast and later with relatives in Saskatoon.

Bud Haverly has returned from a holiday spent with his mother and other relatives at Inglewood, California.
